This People 2.0 recruiter training webinar provides the perspective of the presenter. The views expressed in this webinar are those of the presenter and not necessarily those of People 2.0.

New and Improved

What's New?

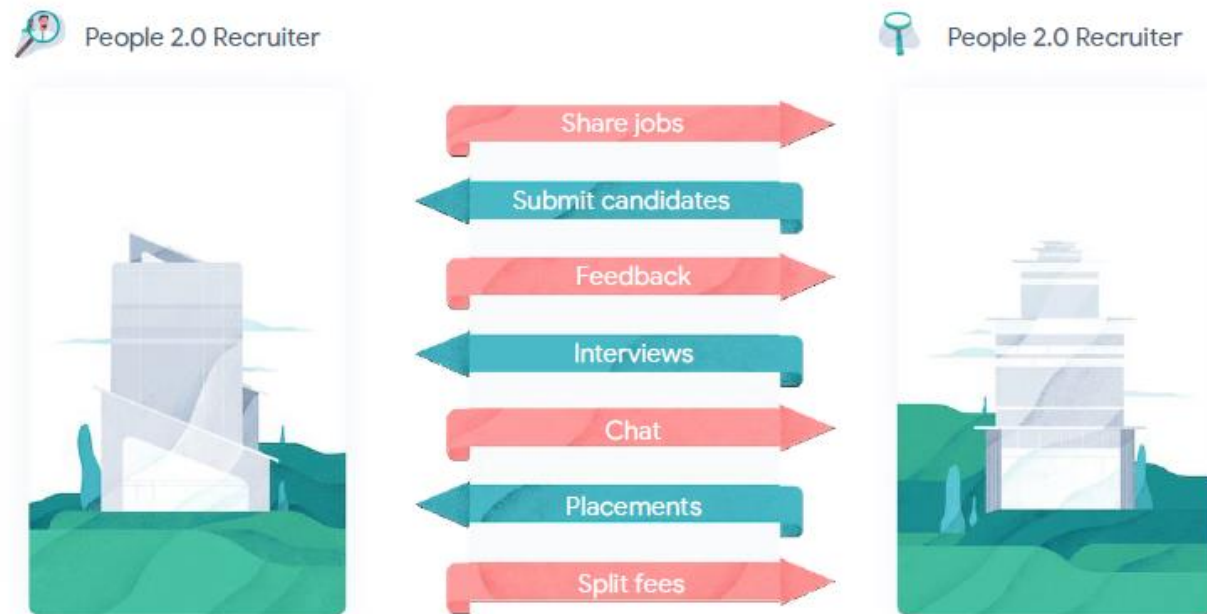

- We have purchased Gustav to replace our Teaming Zone. You can build a profile and view the roles that are posted and determine if you want to participate.
- You can invite trusted partners who could benefit from the tool.
- You can view the other roles posted by Gustav members.
- Set up notifications to keep you up to date on changes in postings and the status of your submitted candidates.

Why?

- Utilize a marketplace platform to connect with fellow People 2.0 recruiters.
- Share jobs that are coming in today that are "outside" of the norm and serve the end client when you may not have the supply.
- Increase visibility to global programs seeking local partnerships.
- Share supply with those recruiters who have a need and could use the support.

How does the Teaming Zone work?

Each approved People 2.0 recruiter can access the Teaming Zone and share jobs with other People 2.0 recruiters who can submit candidates to the jobs. In turn, you can submit your available candidates for jobs posted by other People 2.0 recruiters.

Use-cases for the Teaming Zone

Visibility

Build your user profile in the TZ so we can showcase your capabilities with our global partners who need your support.

Skill gap

Receiving jobs in verticals you don't serve? Leverage your recruiter partners for those opportunities and focus on what you do best!

Location gap

No dedicated recruiters in a certain location? Leverage your preferred recruiter partners to extend your client relationship into new regions.

Be a Master Vendor

Have an opportunity to become the MV on some accounts? Leverage the TZ's network of preferred partners to drive new business.

MSP support

Supporting high-volume MSP programs? Leverage preferred partners to fill jobs faster and improve your MSP scorecards.

Live Demo
