

Dear Adam,

I want to get right to the point (as you have done in our coaching sessions), YOU HAVE MADE MY BUSINESS SIGNIFICANTLY MORE SUCCESSFUL FOR YEARS TO COME.

As a small business owner, we often times work in our own little bubbles only solving pressing issues and not strategizing. In just a few mere months of sessions with you, I have reorganized my company based on “opportunity, time and revenue” which has already increased my productivity and income, but more importantly has set me up for greater success for at least the next three to four years.

Self help books, seminars, meetings, etc. are fine and dandy, but by following your advice and doing the work you suggested, you have made a tremendous difference for me and my company. YOU ARE THE REAL DEAL!

I cannot thank you enough for helping me to better understand my company, my strengths and my opportunities for substantial growth in my chosen industry.

Thank you,

Scott D. Marcus
